

Delegates are a Resource for You!

HOD Fact Sheet

House of Delegates

Updated *Spring 2012*

In order to keep our profession moving forward, the House of Delegates relies on delegates communicating with members. Delegates can use the following resources to provide Academy and professional information to members. All resources and toolkits are available using the link above or by contacting a delegate. To find **more information** regarding the Academy and the work of the House of Delegates, visit the Academy's Web site at www.eatright.org/hod.

Academy Updates and Presentations

[For Members](#) > [Governance](#) > [Reports](#)

Power point presentations by the Academy's President, Academy Treasurer and Chair of the Academy's Foundation provide an update for members on Academy activities. These presentations are posted following each HOD Meeting along with committee and task force reports.

HOD Backgrounders

[For Members](#) > [Governance](#) > [House of Delegates](#) > [Backgrounders](#)

Backgrounders are always published with a series of slides and fact sheets that you can use with members. Some delegates flush out the PowerPoint presentation with further information from the backgrounders and provide continuing education credit. Some backgrounders are published with CPE opportunities. There are several backgrounders still available that provide free CPE for members.

HOD Fact Sheets

[Members](#) > [Governance](#) > [House of Delegates](#)

Learn more about the House of Delegates and the governance of the Academy by reading the following HOD Fact Sheets:

- Fact Sheet: Academy Governance 101 — The More You Know ...
- Fact Sheet: House of Delegates — What It's All About
- Fact Sheet: Knowledge-Based Strategic Governance
- Fact Sheet: "Representation Of" and "Representation For"

Academy Nutrition Care Process and Model

[For Members](#) > [Practice](#) > [Nutrition Care Process](#)

A significant number of resources and presentations regarding the implementation of the Academy Nutrition Care Process and Model are available in the Educators section of the Nutrition Care Process Web page.

Emergency Preparedness – What RDs and DTRs Should Know

[For Members](#) > [Governance](#) > [Resources](#)

The Emergency Preparedness – What RDs and DTRs Should Know Web page:

- connects members with key resource agencies
- illustrates possible roles of RDs/DTRs in emergency preparedness
- highlights potential educational opportunities and resources available

A PowerPoint presentation based on the report from the report from the Task Force is also available for members to use.

Guidelines and Tools for Establishing Industry Relationships

[For Members](#) > [Governance](#) > [Resources](#)

The guidelines were developed to assist members, affiliates and DPGs to examine the risks, benefits and opportunities of establishing industry relationships. These documents were presented to the HOD in 2006 for use with members and organization units.

Health Disparities Central Depository

[For Members](#) > [Governance](#) > [Resources](#)

In the summer of 2008, the Health Disparities Central Depository Web page was created. This site defines health disparities and includes Academy Resources that were created as a result of an HOD dialogue. These include:

- Web Sites and Quotes: Health Disparities Resource List
- Tip Sheets on Health Disparities
- Links to related DPG articles on the subject of health disparities.
- Links to external resources that have been vetted by members of the House.

Diversity Mentoring Toolkit

[For Members](#) > [Governance](#) > [Resources](#)

The Building Our Future Mentor Program Toolkit was developed to provide models for mentoring African American, Hispanic, Asian or Pacific Islander, and American Indian, Alaskan Native, and Hawaiian Native students in K-8 and high school in your communities.

Sustainable Food Systems

[For Members](#) > [Governance](#) > [Resources](#)

The toolkit includes the *Healthy Land, Healthy People: Building a Better Understanding of Sustainable Food Systems for Food and Nutrition Professionals* primer which focuses on sustainable food systems and highlights opportunities for leadership roles in the many areas of sustainable food systems. Continuing education credits are affiliated with this toolkit.

Academy's Strategic Plan

[For Members](#) > [Governance](#) > [Board of Directors](#) > [Academy Strategic Plan](#)

The Academy's Strategic Plan was activated by the Board of Directors on June 1, 2008. Member and non-member survey results show overwhelming support for the Academy's new strategic direction. The site includes: the Academy's Goals, Strategies and Values; Key Messages; and Tips to Make It Your Own.
