**Note the audio for this webinar will be presented using VOIP (your computer speakers).*

Presented by:

- **Kathleen Cullinen, PhD, RDN**, Public Health Program Evaluator, François-Xavier Bagnoud Center, Rutgers School of Nursing, and Associate Editor of the *Guide*
- **Alison Conneally, MS, RDN, CDN**, Nutrition Program Manager, New York State Department of Health, ASPHN Liaison and Project Co-chair of the *Guide*
- **Kay Sisk, MS, RDN, LD**, Public Health Nutrition Programming Consultant, PHCNPG Liaison and Project Co-chair of the *Guide*

Overview

The *Guide* is a comprehensive curriculum for practitioners, program administrators, and educators to develop and enhance the knowledge and skills currently expected of nutrition professionals practicing in public health and community nutrition. This material was developed through the collaboration of the Public Health/Community Nutrition Practice Group (PHCNPG), a Dietetic Practice Group of the Academy of Nutrition and Dietetics, and the Association of State Public Health Nutritionists (ASPHN), and it has been approved by the Academy of Nutrition and Dietetics.

By the end of this webinar, attendees will be able to 1) describe the importance of developing our present and future nutrition workforce; 2) describe the rationale for developing the *Guide*; and 3) identify how to use and customize the *Guide* effectively to meet personalized knowledge and skill development goals.

This webinar is the official launch of the *Guide*. Following the webinar, users may download the *Guide* at www.phcnpg.org in its entirety or view one of the three interactive versions based on profession – practitioner, employer, or educator/preceptor/student.
